

SINN FEIN TO ACCEPT BRITISH TERMS?

BRITAIN FOR PRELIMINARY ARMS MEET

Dominion Premiers Seek Conference in Order that They May Attend for Their Countries

UNITED STATES OPPOSES ANY ADVANCE SESSION

Held that Japan Could Not Send Delegates to Such Conclave

WASHINGTON, D. C.—The continued discussion in London of an international conference preliminary to the formal conference on disarmament and far eastern affairs, is being called by President Harding is not due to any change of attitude on the part of the United States government.

It may be said flatly that America will not join in any preliminary conference unless all the principal allied and associated powers are represented and there is no prospect that there would be such general representation in any preliminary meeting.

Premiers Urge Step

Great Britain's proposal for a preliminary conference is born of the wishes of the prime ministers of the British overseas dominions, Australia, Canada, New Zealand, and South Africa. They are now in London attending the imperial conference, and their engagements at home probably will make it impossible for them, with the exception of Premier Meighan of Canada, to attend the formal conference in Washington if it begins in November, as President Harding has suggested.

The anxiety of the British overseas dominions to have a preliminary conference in the United States or Canada on their way back to their own capitals is well understood by the Harding administration, which has sympathy for the position of these dominions, but responsible officials here believe it would bring about an embarrassing situation in international relations unless all the powers involved could participate.

France and Italy might possibly be able to send delegates to a preliminary meeting, but Japan could not.

It seems to be agreed that the conference will be held in Washington, the place named in President Harding's original proposal. The date is still a matter of discussion. This government is hopeful that the President's suggestion of Armistice day, Nov. 11, will be adopted, but is not insistent in this connection.

British O. K. U. S. Views

LONDON.—Japan's acceptance of the American disarmament invitation, although hedged in by certain conditions and reservations, has served to clarify the atmosphere as far as British officialdom is concerned.

It can be stated on the highest authority that a majority of British statesmen, both in and out of power, see eye to eye with America on a great many of the questions in the far east. The momentous conferences of the last two weeks in which Lord Curzon and Baron Huguish, ambassador from Tokyo, have taken part, have been designed first to permit England to safeguard her own interests, and second, to lay a foundation on which, without sacrificing American friendship, the British empire can retain its influence over Japan in the event of a crisis.

England's Plan to Serve

The position of Downing street is that Great Britain can best be of service by remaining friendly both to America and Japan. England's chief fear is that denunciation of the Anglo-Japanese alliance, theoretically because of pressure from America and America's supporters within the empire, would be misinterpreted by the Japanese, exactly as Americans are aware of the alliance, which British statesmen today call "innocuous."

At the same time, the pressure from within is growing stronger daily, and the press is becoming insistent that the alliance be denounced. As the Spectator says:

"We deeply regret that the premier did not denounce the alliance at the same time he accepted President Harding's invitation. Things of form seem things of substance."

J. L. Garvin, in the Observer, urges the Dominion premiers go to America in a body at once, if only for conversations with Hughes and Harding. As for the main conference he looks for rapid action from Lloyd George, saying:

"Both Hughes and Lloyd George are Welshmen. When they meet face to face, the human bond of understanding ought to be strengthened by that fact. Secretary Hughes is unquestionably one of America's greatest statesmen, while Lloyd George is undoubtedly the greatest of all historic Welshmen. Both are proud of their descent."

Hunger-Driven Thousands Wander Russia Seeking Food

WASHINGTON.—Secretary Hoover Monday cabled Walter Lyman Brown, European director of the American Relief administration, London, to proceed to Riga and negotiate with the Russian soviet authorities' preparatory to food relief work in Russia.

LONDON.—Hordes of ill-fed soviet troops fleeing from the famine regions of Russia, unchecked and undisciplined, are reported to be moving toward Moscow and there is said to be imminent danger that such government as the soviets have been able to establish is in danger of collapsing into anarchy.

Finland, Latvia, Poland and Rumania are reported to be taking precautionary military measures to protect their borders.

Advices received here from Russia state that Nikolai Lenin is coming to London on urgent government business and that Leon Trotsky is being dispatched to Siberia on a private mission.

There are no indications that the political opponents of the soviets are attempting to make political capital out of the famine, for all are reported to be working to alleviate the distress of the famished people.

The emigration of masses of people from the affected districts to those which are not so bad off for food continues. Daily thousands are passing overland from the Volga toward the Ukraine.

BERLIN.—Thousands of inhabitants of the famine-stricken areas of Russia are adding terror trying to live on grass, acorns, and field mice.

The harvest in the drought-stricken zones is reported to be less than one-twentieth of normal. Cholera is now adding to the horrors of starvation, which in one district has reduced the people to live on sawdust, moss, and roots, with sometimes a handful of flour.

Rationing exists in a few of the larger cities, but elsewhere the people must manage as best they can.

Nearly everywhere in Russia work has ceased now. Petrograd is a city of death, according to apparently reliable advices, the official ration, which is no guarantee of food, allowing one pound of bread per head per day, four ounces of sugar per month, and one pound of dried fish per month.

There are no potatoes and the prices for other vegetables have mounted to enormous figures. Butter is 22,000 roubles per pound when it can be had at all. Sugar is 23,000 roubles per pound, and

Food prices have mounted to enormous figures. Butter is 22,000 roubles per pound when it can be had at all. Sugar is 23,000 roubles per pound, and

DR. MATT MCGARTY'S BROTHER KILLED AT MAUSTON BY TRAIN

Thomas McGarty Dies Monday Morning; Accident Occurred on Sunday

FOUR MINNESOTANS IN WRECK IN CREEK NEAR RUSHFORD

Fountain Girl Tossed Through Windshield; Breastbone Broken

THOMAS MCGARTY, 15 years old, brother of Dr. Matt McGarty of this city, died Monday morning in Mauston, as a result of injuries sustained when an auto in which he was riding was run down by a train at Mauston on Sunday.

As soon as word of the accident reached La Crosse, Drs. Evans and McGarty left for Mauston to take charge of the case. They had not returned to La Crosse at 2:30 p. m. Monday.

An automobile, driven by Ole Olson of Chaffield, Minn., and occupied by another man and two girls, residents of Fountain, ran off the road along Rush Creek, near the Gilbert (Gundersen) farm, a short distance from Rushford, about 11 o'clock Saturday night. The driver missed the road and the car plunged down the bank and into the stream, coming to a stop with its nose in the water and mud.

One girl was thrown through the windshield. She sustained a broken breastbone. The other girl and both men were badly bruised.

The motor party was going from Fountain to Winona.

SHEBOYGAN TO FIGHT FOR BARS

SHEBOYGAN, Wis.—The officials of Sheboygan had done nothing up to noon Monday in regard to the removal of bars and other saloon fixtures. The holders of Sheboygan county Class A permits plan to meet Monday afternoon to take legal action against any step the authorities may take in the removal of bars.

CAN MRS. OTJEN HOLD MISS NEPRUD'S JOB?

MADISON, Wis.—Miss Maude Neprud, woman member of the state board of control, has just announced her engagement. She is soon to become Mrs. C. J. Otjen.

In the eyes of the law it is considered that she will cease to be Miss Maude Neprud and become Mrs. C. J. Otjen.

She was appointed by Gov. John J. Blaine and confirmed by the senate as Miss Maude Neprud. As far as her state duties go it is ascertained, there can be no Mrs. C. J. Otjen as a member of the state board of control for the next six years.

No one seems to know what can be done about it and no one seems to worry whether anything should be done about it.

PEACE THOUGHT AT HAND

Leaders of Irish Party Asserted to Have Decided Proffer in Accord With National Honor and Standing

EXPECT CALL FOR MEET OF IRISH PARLIAMENT

Stiff Opposition Foreseen But Leaders are Resolved on Compromise

LONDON.—Reports that the leaders of Sinn Fein have decided to accept in practically all details the offer made at the recent conference in London by Lloyd George on Monday reared high hopes for a speedy settlement of the Irish problem. The Sinn Fein leaders have been in debate on the compromise offered by the prime minister for more than a week, and authoritative quarters declare that the general verdict is in favor of the proposals.

Under the British proposal it is now declared, Ireland will be given a status as a "dominion" with even greater powers of home rule than those possessed by Canada. This implies practically complete control over both the legislative and fiscal policies, the latter being a point for which the Irish delegation has consistently fought.

O'Brien Returns to Dublin

DUBLIN.—Art O'Brien, president of the Gaelic League in London, who acted as one of the advisers of the Sinn Fein leaders during the recent conference, returned to Dublin on Monday morning. Mr. O'Brien went to the Mansion house and held a conference with Mr. De Valera.

No Definite News

LONDON.—Developments in the peace negotiations between Premier Lloyd George and leaders of the Irish republic are imminent, it was said here Monday, but the government leaders refused to lift the veil of secrecy. There were certain deductions made from the arrival in Dublin Sunday morning of Art O'Brien, president of the Gaelic League in London, but they could not be verified.

Predicts Early Prosperity

"The international prospect is more than promising and the distress and depression at home are symptomatic of early recovery. Solvent financially, sound economically, unrivalled in genius, unexcelled in industry, resolute in determination and unwavering in faith, these United States will carry on."

In the course of his speech Mr. Harding praised particularly the part played by religious freedom and other New England traditions had played in development of the nation. He also took occasion to deplore the common tendency to concentrate governmental

FORD COUPE STOLEN FROM PARKING PLACE AT STODDARD HOTEL

Machine of Salesman is Taken During Saturday Night or Sunday Morning

JUST as the police were congratulating themselves on making a catch of the two men involved in the Green Bay auto theft, a report came to Central station to the effect that a Ford coupe, parked in front of the Stoddard hotel Saturday evening, was stolen some time during the night Saturday.

The car was the property of E. N. Kass, salesman for the Northwest Utilities company, Spring Valley, Minnesota. In his report to the police, Kass declared that the car was parked at the curb on the north side of the hotel. He stated that the car was locked.

THOUSANDS WELCOME RAIN FALLING OVER FIVE STATES TO SAVE CORN AND POTATOES

A rain which is said to be worth many millions of dollars to farmers of the northwest is falling today over five states. Up to noon a half inch of rain had fallen in La Crosse, according to the weather bureau record. Reports received here during the morning indicated this is a general storm extending over the Dakotas, Minnesota, Iowa and Southern Wisconsin. Rain is falling in Madison and Milwaukee.

That the rain will save the corn crop and greatly benefit the potato crop, was the declaration of local agriculturists today. It will also help to restore pastures.

Clay roads will be put out of commission for autoists for a day or two, but who cares? Let 'er rain.

"U" STUDENTS FACE TROUBLE FOR PARTY GIVEN MOVIE STAR

MADISON, Wis.—Forty students at the university here face disciplinary action as a result of a formal dinner-dance held in Middleton last week, at which Norma Talmadge, movie star, was the honor guest.

It, Goodnight, dean of men, declares that the affair was arranged by students without observing faculty regulations with regard to chaperones and hours. He says that those who were in attendance will be called before the students' life and interest committee of the faculty to explain why they should not be punished.

Students who were present at the party say that it was arranged privately and was not a university affair.

RACINE BONDS FOR \$150,000 TO SUPPLY JOBS

Three Hundred Men Put to Work on Street, Cemetery and Park Improvements

JOBS GIVEN FIRST TO MEN MOST IN STRAITS

Ones Who Don't Take Offered Work Go off Charity Lists

RACINE, Wis.—A municipal work project was put into operation here today, when some 300 men dusted off their dinner buckets and reported to the various department heads, who will keep them employed on street, cemetery and park improvements as long as the \$150,000 bond issue, created by the city for that purpose holds out. Widespread interest is being taken in Racine's plan to help her many unemployed and if it is found to work out, as its originators hope it will, other cities it is believed, may adopt it.

From 200 to 300 laboring men, many of whom are now on the city's charity list, are to be given employment under the new project which was originated by Thomas Kearney, Sr., chairman of the public affairs committee of the Racine Commercial club, and which had the backing of the Rotary club and Kiwanis club. A special charities committee was created by the common council under the direction of these organizations which mapped out the program to be followed, and urged the bond issue.

Under the porking of the plan, H. G. Presser, head of the United States employment bureau here will secure from the city poor agent and the head of the Central association lists of all who have been getting aid from the city. These men will be tabulated according to their needs, size of family and ability. Then when men are needed by any city department head for paving jobs, repair gangs, cemetery or park work, all of which are to be pushed because of the bond issue, Mr. Presser will go over his list and send as many needy men as are required. If any of these men refuse the work which jobs are offered them, they will be taken from the charity list at once. They will be paid at the rate of thirty-five cents per hour, some working six days a week and others working but two or three days a week, according to the needs of their families. Arrangements are also being made to care for men at the end of their resources, but who have never been on the charity lists.

COTTON CROP FALLS OFF

WASHINGTON, D. C.—Decline of the cotton crop during July resulted in a reduction of 230,000 bales in the forecast of production issued Monday by the department of agriculture, a total of 8,293,000 bales being estimated as compared with 8,423,000 bales a month ago. The condition of the crop declined 4.5 points to 61.7 per cent of a normal.

WILEY NAMED PRINCIPAL OF HIGH SCHOOL

Galesville Man Elected to Fill Important Position in La Crosse Public Schools

COMES WELL RECOMMENDED EXPERIENCE FIFTEEN YEARS

Miss Anna Mashek Elected Vice Principal in Recognition of Ability

GUILFORD M. Wiley, at present a resident of Galesville, Wis., was elected principal of the high school for the coming year. The election followed a large number of meetings of the board of education and the investigation of the records of more than fifty applicants together with personal interviews with a number of the interested candidates. On Saturday, an offer was made to Mr. Wiley and accepted by him.

Mr. Wiley comes to La Crosse unusually well recommended. He is a man of more than fifteen years' experience in all phases of school work, although the major part of his experience has been in high school varying in size from three hundred to two thousand. He is a graduate of Franklin college, Franklin, Ind., and De Pugh university, Greenfield, Ind. Among the larger schools in which he has officiated as teacher, vice principal and principal, are the high school at Decatur, Ill., the manual training high school of two thousand pupils at Indianapolis, Ind., a private school for boys at Detroit, Mich., and the high school at Greensburg, Ind., of which he was principal for a number of years.

Interested in Farm

For the past three years Mr. Wiley has been superintendent of the schools at Galesville, Wis., to which city he moved three years ago. With Gerald D. Arnold he has been actively connected with the operation and management of the East Side Farm, known for years as the home of the best Shorthorn cattle in Wisconsin. Mr. Wiley has severed his connection with the farm, having decided to give his whole attention to his former profession.

In addition to his wide experience as a teacher and principal in rural, graded and high schools, Mr. Wiley directed and managed a school and camp for boys for seven consecutive summers in Michigan. He is intensely interested in the boy movement, and judging from the reports received on his work with boys and girls in the schools in which he directed their activities, he has been eminently successful.

Mr. Wiley is secretary of the Western Wisconsin Teachers' association, which holds its annual meetings at the La Crosse normal school.

Mr. Wiley is a man of family; Mrs. Wiley formerly being Miss Reukah Arnold of Galesville. Mr. and Mrs. Wiley will move to this city as soon as suitable living quarters can be found.

Miss Mashek Promoted

At the same time, Miss Anna Mashek of La Crosse, who has been a member of the board of education, was promoted to the position of vice principal.

B y GEORGE McMANUS

NONPARTISANS TO MAKE BIG DRIVE IN BADGER STATE

Organizers from Minnesota and
North Dakota Ordered
Into Wisconsin

PLAN TO GET CONTROL OF NEXT LEGISLATURE

"Tax Reform" to be Issue, Ac-
cording to Forecast

MADISON, Wis.—The Non-partisan league is about to make one of its intensive membership drives, this time on the state of Wisconsin, where it already has unusual strength through its alliance with Senator Robert M. La Follette and his machine. The plan was laid according to Chester C. Platt, league editor and spokesman for the state organization, at a conference of A. C. Townley and other league leaders in Minneapolis a short time ago. Organizers from Minnesota and North Dakota are being sent into Wisconsin, which now is a free state, to make the drive. The move also comes when the league campaign is waning in Kansas and Nebraska.

Tax Picked as "Smoke Screen"
Plans for Wisconsin, according to Mr. Platt, call for recruiting league membership up to 50,000, including La Follette in the United States senate, collecting Governor J. J. Blaine and other La Follette men in state offices, and gaining control of the legislature for the La Follette-Townley element. The issue in Wisconsin is to be tax reform, though the tax laws of Wisconsin are far in advance of other states in many respects.

Plan National Ticker
Candidates for president and vice-president will be nominated by the Nonpartisan league in 1922. According to forecasts made here Saturday by the Leader, Wisconsin organ of the league.

A. C. Townley, Governor Frazier and Senator Ladd were opposed to such a move in the last campaign because they saw that the economic issue was to be subordinated to the fight against President Wilson, the editorial of the Leader said.

SUCCESSFUL

The Scottish all-star soccer team which toured Canada and the United States won 24 consecutive games and tied one.

That was a wonderful record. The game was their last, being played at Fall River, Mass.

These Scots are the best representatives of soccer ever gotten together.

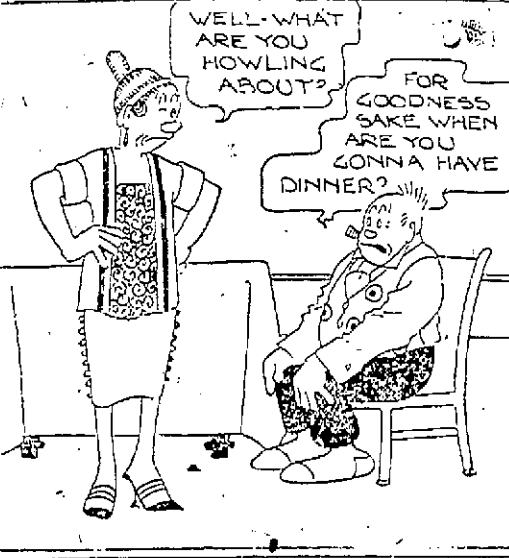

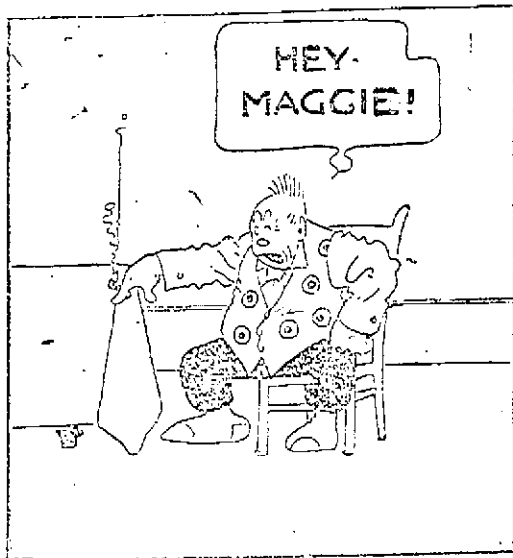

They came to America for the purpose of stimulating interest in their game.

They succeeded.

Seeing finished players in action in any sport is a boost for the sport it represents.

Film Theater Seats Five Thousand
A motion picture theater has been recently opened in London which will seat five thousand persons.

BRINGING UP FATHER

KIWANIS CLUBS OF FIVE CITIES PLANNING WHITEHALL PICNIC

La Crosse, Winona, Eau Claire,
Chippewa Falls and Sparta
to Celebrate Aug. 10

John H. Moss, district governor of the Kiwanis clubs of Upper Michigan and Wisconsin, will be the principal speaker in the joint picnic of the Kiwanis clubs of La Crosse, Winona, Eau Claire, Chippewa Falls and Sparta to be held Wednesday, August 10, at Whitehall.

Detailed arrangements for the program to be enjoyed at the picnic were announced today by union secretary Leo Mott of La Crosse who has been in charge of preparations for the outing.

The picnic will be attended by Kiwanians and their wives as well as a large number of guests. Delegations have also been invited from Neillsville, New Richmond, Red Wing and Rochester, and the clubs in these cities may have representatives present.

At Whitehall every possible preparation is being made by the Whitehall Improvement association to make the day and the place as pleasant as possible.

All clubs are to be at the picnic grounds not later than 11 a. m. Wednesday, and each member is instructed to bring baskets lunches, coffee, sugar, cream and ice cream will be served free of charge at the grounds. Soft drinks and other refreshments will also be on sale. Local secretaries will next week ascertain the definite number of men and women to attend the picnic from their respective clubs and reservation cards will then be mailed to Mr. Mott.

Following is the program for the day:

Address of welcome—Judge E. F. Benson, Whitehall.

Main address—John H. Moss, Wisconsin and Upper Michigan clubs.

Indoor ball games between different clubs.

Horse shoe contest—Prize to be awarded by La Crosse.

Quiz of war for men—Prize to be awarded by Chippewa Falls.

Quiz of war for women—Prize to be awarded by Sparta.

awarded by Sparta.

Foot race, married women—Prize to be awarded by Winona.

Girls' foot race, over 12 years—Prize to be awarded by Eau Claire.

Girls' foot race, under 12 years—Prize to be awarded from general fund.

Such race for boys under 12 years—Prize to be awarded from general fund.

Members should bring tennis racquets and balls if they wish to play tennis. The tennis courts will be open for those who wish to play and back nets and balls.

The bathing beach will also be open and members may bring their suits.

Just a Mistake

Mrs. Gilbert K. Chesterton, the wife of the English humorist, was talking about the rather ultra suits worn by the Florida girl bathers. "Like these swimming suits," she said, "when they are worn by girls who are beautifully built. Too often,

though," Mrs. Chesterton shrugged her shoulders. "Too often you are reminded down there of the girl who said to her pastor: 'I am afraid I must confess to one sin—the sin of vanity. Whenever I pass a mirror in my swimming suit I can't help thinking how beautiful I am.'"

"Oh," said the pastor with a wave of his hand. "That isn't a sin. It's only a mistake."

"No doubt," says the Luray Her-ald, referring to the French brought back by our soldier boys. "Our lan-

guage will keep such expressions as 'bean tot, bone jar, billy do, bingery, amtra no, fox jaws, denny's' in its ver-plate, three beams and foot, upper surface of a landslide."

—Boston Transcript.

Consistent Position

"Have you always been able to maintain a consistent position in poli-

tics?" "There is one position," replied Senator Sorghum, "that I con-

gratulate myself on having maintain- ed very consistently, indeed. I have always managed to remain on the

same line for Indians."

Announcing The New Buick "Four"

A Thoroughbred
Four, Completing
the Famed Buick
Line

The new Four-Cylinder Buick, here announced, is a thoroughbred—a pedigreed car well worthy of its name.

Down to the very last detail, this new model possesses every quality of enduring serviceability, complete comfort, and distinctive appearance that have always characterized Buick automobiles.

The advent of this new Four makes the Buick 1922 line complete. It offers to purchasers of a car of this size all the quality and service that go to make up the name "Buick."

The Buick Valve-in-Head Engine
A Power Plant
That Has Proved
Itself—

The engine, of course, is of the time-tested Buick Valve-in-Head type. The year-after-year concentration of Buick's engineering skill and experience in building Valve-in-Head motors assures the highest standard of performance obtainable today.

Every other unit is of a quality equal to the power plant. The whole assembly constitutes a perfectly balanced chassis which is of typical Buick construction. The equipment of Cord Tires is merely evidence of the quality which characterizes the entire car.

Two open and two closed body types mounted on the Buick built chassis comprise the new series.

Even the most casual inspection of the details of design and workmanship will reveal that full measure of quality which motorists have learned to associate with Buick.

Obviously a high grade automobile—a genuine Buick production—the prices listed below make this great Four even greater. A value such as this is possible only because of the combination of Buick engineering skill devoted to the one ideal of quality, Buick production facilities developed over nearly a quarter of a century, and Buick's nation-wide distribution and service organization.

The Buick Motor Company is proud of the Buick Four. It has the faith of long experience in this newest addition to its line. It places upon it unreservedly the Buick guarantee carried by every Buick automobile produced. That its confidence is well placed is manifested not only by the keen interest with which motorists have awaited this announcement, but also the advance orders placed by distributors, dealers, and the general public.

STATE DRY CHIEF CALLS ON D. A.'S TO ENFORCE LAW

Time's up for Removing Bars
and Screens on Monday He
Tells Prosecutors

MADISON, Wis.—Prohibition Commissioner W. Stanley Smith sent a letter to every district attorney in the state Monday advising enforcement of the law relating to bars and asked for assistance of every district attorney to insure compliance with the law. The letter quotes opinions of attorney general. Following is Mr. Smith's letter:

"Dear Sir: The following is a copy of opinion of J. E. Messerschmidt, attorney general, to Mr. H. P. Arps, district attorney, Chilton, Wis., on July 27, 1921:

"In your letter of July 25 you inquire whether a standing bar or counter, used in the days before prohibition went into effect, must be removed, if it is not used for the purpose of serving non-intoxicating drinks over the same, and so long as purchasers are not permitted to consume said drinks while standing at such bar.

(Opinion quotes Subsection (30) of section 1, chapter 441, laws of 1921).

Two Views
"In passing on a question submitted by you, there are two viewpoints that must be considered. The first is that a standing bar or counter of any description cannot be maintained at which the purchaser drinks or consumes the liquor. In other words, it cannot be used as a place for selling liquor and consuming the same by the purchaser. The second is that if the bar is so placed in the room that it obstructs the view from the street of the space back of the bar, then it is an enclosure or stall that is prohibited by this section.

"My conclusion is that if the standing bar or counter does not obstruct the view, from the outside, of parts of the room, and if the liquor is not permitted to be consumed at the counter or bar from which the same is sold, then it need not be removed. I have made this as clear and specific as I think it possible to make it."

"On July 28, Mr. Messerschmidt rendered an opinion to Mr. Henry J. John, district attorney, Baraboo, Wis., which is quite lengthy but from which I quote you the last two paragraphs:

Limit on Prescriptions
"Under these provisions of our statute it is manifest that a licensed osteopath in this state cannot practice unless he also is licensed to practice medicine and surgery.

"This conclusion is therefore inevitable that an osteopath is not a physician in the actual practice of medicine, as contemplated by chapter 441, and an osteopath is therefore not authorized to issue a prescription for intoxicating liquors.

"I am mailing this article to all district attorneys in the state for their information and guidance. It is my belief that a reasonable time has expired for licenses to have conformed to the provisions of the new state enforcement act relating to the removal of screens, blinds and curtains and for the proper arrangement of their bars in accordance with the attorney general's opinion in the event that the bars have not been entirely removed. I would be pleased to receive a report from each of you as to whether or not the law has been complied with in your respective county and if not, whether you need any assistance to ensure their compliance.

"Very truly yours,
"W. STANLEY SMITH,
"State Prohibition Commissioner."

Needed a Rest
Mr. Griffen had spent an anxious afternoon at the office and hurried home at an unusually early hour.

"How do you feel, dear? What did the doctor say?" he questioned his wife as she lay on a couch, her eyes half closed.

"Oh, he asked me to put out my tongue," she murmured.

"Yes."

"And after he looked at it, he said, 'Overworked.'"

Mr. Griffen heaved an audible sigh of relief. "I have perfect faith in that doctor, Mabel," he said firmly. "You will have to give it a rest."

The Household.

Look What He Got
A miser was scoring a hit man for his extravagance in wanting to carry a lantern when calling on his girl.

"The idea," he scoffed. "When I was courted I never carried no lantern. I went in the dark."

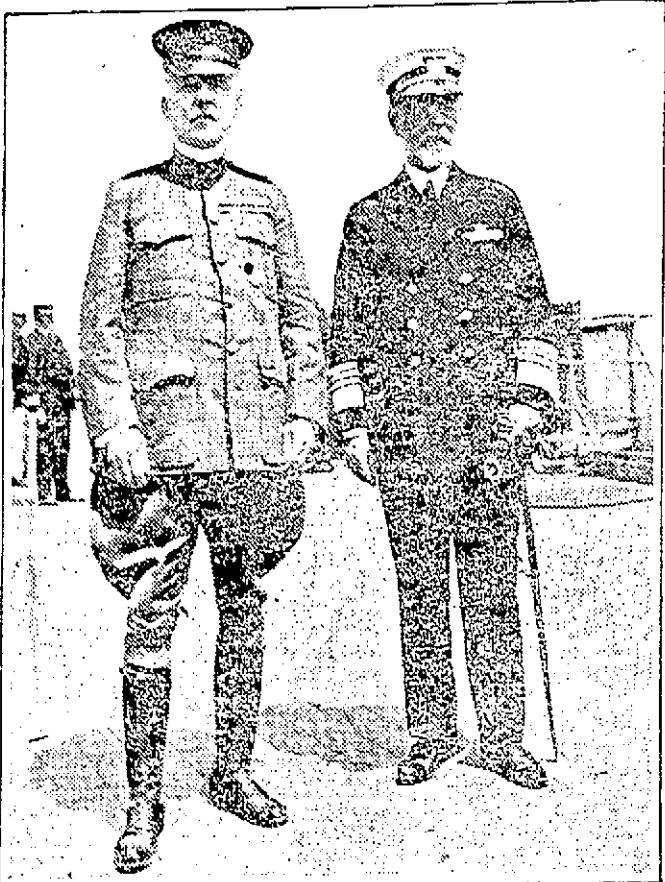

The hired man proceeded to fill the lantern. "Yes," he said calmly. "And look what you got."—New York Daily News.

Illiteracy Decreasing in This Country
Alaska for a long time has had the distinction of being by far the most illiterate of all the states of the union. The records of the last two censuses has shown a marked improvement. In the past ten years it has decreased from 22.9 per cent to 16.1 per cent.

NEW BOSS OF THE PACIFIC!

Admiral Eberle (right) and Major General George Barnett, of the marine corps, snapped on the flagship New Mexico in San Francisco Bay when Eberle took over command of the Pacific fleet.

IN THE MORNING PAPERS A Summary of the News

WASHINGTON, D. C.—Retail prices of food increased in nine of ten principal cities during the period of June 15 to July 15, the department of labor announced.

WASHINGTON, D. C.—John H. Haseeman, Jr., New York City, was elected president of the United Press Association of America at the closing session of the national meeting here.

WASHINGTON, D. C.—Business reaction in basic lines of industry still was reflected during July in volume of business, extent of unemployment and depression of production, the monthly review of the federal reserve board stated.

WASHINGTON, D. C.—National banks in operation on June 30 numbered \$178, a net gain of \$2 for the fiscal year, a statement by the comptroller of the currency states.

WASHINGTON, D. C.—Samuel Gompers, president of the American Federation of Labor, in a letter to presidents of local unions and organizers, urges them to aid in the fight against prison contract systems in various states and asks aid in improving federal and state vocational systems.

TORONTO.—Lord Northcliffe, British publisher, arrived from New York on his tour of the world and announced he was in Canada to look into the immigration problem.

RIGA.—The release of all American sailors in prison in Russia may be expected in a few days, according to Mrs. Marguerite B. Harrison, who was released from Russia a few days ago.

WASHINGTON, D. C.—Shipping board representatives will confer with British ship owners in London Tuesday in an effort to obtain fair treatment for American vessels in the award of trade privileges in foreign ports.

CHICAGO, Ill.—Declaring elections of employees' committees held by the Pennsylvania railroad and by the Pennsylvania shop crafts unions illegal and void, the railroad labor board ordered a new ballot to select a committee on regulations and rules covering work conditions to replace the national agreements.

MINNEAPOLIS, Minn.—Eleven persons were injured and severely burned when an automobile and street

NEW MINIMUM WAGE LAW TAKES EFFECT IN STATE MONDAY

New Standard is 25 Cents Per
Hour for all Women and
Minors With Experience

MADISON, Wis.—The new state-wide minimum wage order of the Industrial Commission becomes effective Monday and applies to all employers of women and minors and to all women employees as well as to boys under 21 years of age.

The new minimum wage rate for adult women employees and for minors over 17 years of age who have had six months or more of experience in any trade or industry is 25 cents per hour in cities which in 1920 had a population of 5,000 or more, and elsewhere 22 cents per hour. The rate for inexperienced employees during the first three months in any industry is 16 cents per hour and during the second three months 20 cents per hour. In seasonal industries, however, no learning period is required and all women and minor employees must be paid the rates prescribed for experienced employees.

Minors between 14 and 16 years of age must as a minimum be paid not less than 16 cents per hour during the first year of their employment in any industry and 20 cents per hour thereafter. Minors between 16 and 17 must be paid 16 cents per hour if they have not yet had six months of experience in the industry and 20 cents per hour thereafter.

Where board and lodging is furnished by the employer as part payment in wages, he is entitled to a credit, therefore, of not more than \$5.25 per week for board and \$2.50 for lodging in cities with a population of 5,000 or more, and of not more than \$4.50 per week for board and \$2.00 per week for lodging in other parts of the state.

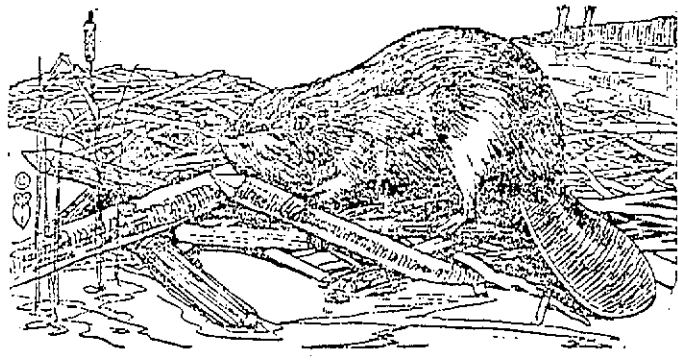

Reports received by the Industrial Commission from employers of women and minors throughout the state indicate that in May of this year 17 per cent of all women and minor employees in cities with a population of 5,000 or over were paid less than 25 cents per hour. A majority of these women and minor employees who were paid less than 25 cents per hour, however, were inexperienced and will not be affected by the new order. It is estimated, however, that approximately 5 per cent of the women and minor employees of the state will have their wages increased as a result of the increase made by the commission in the minimum rate for experienced employees.

Old Poem Wanted

Albert Tittner, House 2, Elizabeth, Ill., asks for the poem beginning: "It snows, O'er the School Boy."

Probe River of Doubt

Among the other objects of the expedition, the Mulford party in South America is to settle the mystery of the River of Doubt.

A Lesson from the Beaver

Of all the hard working animals, the beaver is reputed to be the most industrious.

He plugs away week after week, felling trees, stemming the force of onrushing streams, building his home. Persistence is his middle name.

These days it takes persistence on the part of all of us to get homes of our own—the persistence that's necessary to build up a healthy savings account by making regular deposits.

Start your savings account at this bank at once. Then add to it regularly—persistently!

NEW AUDITORIUM IS ASSURED IN FOUNTAIN CITY

A new auditorium for Fountain City is to be erected on the site of the former Concordia hall, burned three years ago, is to be provided, the contract for the construction of the auditorium having been awarded this week by the city authorities to the L. S. Schroeder Co. of Fond du Lac, Wis., for \$23,750. The building will be of brick and tile construction, 45 by 112 feet in size, two stories in height except at the rear and will

furnish Fountain City a most desirable place for public gatherings and large dancing parties. The structure was designed by Auer and Jensen of Oshkosh. Work on construction is to be commenced at once and it is hoped to have the building ready for occupancy in December.

What Next?

An Irishman visiting a friend in the hospital began to take an interest in the other patients. "What are you in here for?" he asked one. "I've got tonsillitis, and I've got to have my tonsils out," was the reply. "And you?" he asked another. "I've got blood poisoning in the

was the reply. "Heavens!" said Pat, in horror, "this ain't no place for me, I've got a cold in my head. I guess I'll be going."

FARMER'S DEATH PROVES MYSTERY FOR THE CORONER

Jug, Axe and Rope Found Near
the Body of John Karsten
of Nodine

The cause of the death of John Karsten, 36 years old, a farmer of Nodine, whose body was found by a searching party in the woods on a neighboring farm Thursday, after an all night hunt, probably will remain a mystery.

A coroner's jury at Winona returned a verdict that Karsten met death by a cause undetermined, but decided that no evidence of foul play was found. An autopsy failed to reveal traces of poison in the man's stomach, the coroner reported, or the customary indications of heart disease.

George Arnett, a member of the searching party, who found the body, testified that the body was lying on the land of Mr. Hyde, a neighboring farmer, a distance of about a quarter of a mile from the Karsten home. A piece of quarter inch rope about four feet long, Arnett said, was lying beside the body. There was a noose in the rope, but an examination by the jury of the rope and of Karsten's body produced the possibility of the rope having been used as a means of strangulation. Arnett noticed no rope in the vicinity from which Karsten could have fallen. All the trees surrounding were saplings.

Howard Beech of La Crosse, another member of the searching party, testified practically the same as Arnett. He said the body was found lying on a side hill against a tree. He also noticed the rope and a jug and axe which he said were about three rods away from where the body lay. It was a white jug, he said. Beech was the man who notified the coroner.

JAPAN CUTS NAVAL BUDGET TO BUILD MORE BATTLESHIPS

Plan Construction of Eight Battleships and Eight Cruisers

TOKYO.—The naval estimate calling for the expenditure of 500,000,000 yen (approximately \$250,000,000) for the fiscal year 1922-23 is smaller than it would have been if Admiral Baron Kato, Minister of Marine, had not insisted upon economy in the cost of maintenance, says the Nishiichi.

This estimate is about equal to the naval appropriations made for the current year.

It is hoped, by cutting down the cost of the navy's ordinary expenses, to have available about 275,000,000 yen for continuing the program of constructing eight battleships and eight cruisers. This would be equal to the amount spent on construction this year.

The minister of Marine apparently is determined that nothing shall interfere with the progress of the building program.

The following principles of economy have been decided upon, according to the Nishiichi.

First, there shall be economy in personnel. There are too many high ranking officers in the Japanese navy compared with the navies of other powers. Great Britain has 12 admirals and 22 vice-admirals, while Japan has 15 admirals and 26 vice-admirals. Britain has 120,000 men in service and Japan 80,000.

Maintenance costs are to be cut by reducing the number and size of the standing squadrons. Only one such squadron will be left. The third squadron will be reduced in size and placed on special duties. The remaining vessels are to be anchored as the fourth fleet, in reserve. The number of men on such vessels will be drastically reduced. Fuel consumption will be cut to the lowest possible figure.

The system of allowing men to service to return home before their time of service has expired will be greatly extended. In this way a considerable amount of food and clothing can be saved.

Obsolete vessels will be disposed of. By exercising economy along these lines, the navy expects to cut down the ordinary expenditures to 150,000,000 yen. This would leave a margin for special expenses.

BOXING ARENA ON LONG ISLAND NOW PLACE OF WORSHIP

Catholic Vacationists Attend
Services Where Previously
Fighters Held Forth

NEW YORK.—A boxing arena in Seaside, Rockaway, Long Island, is serving as a place of worship for thousands of Catholic summer vacationists.

The Rev. Joseph B. Brady, pastor of the parish, obtained permission to use the arena when he learned the Catholics in the summer colony numbered more than 15,000. The little church of St. Catherine could not seat so many even though seven masses were held each Sunday.

And now, after the festive surroundings of the week days, the ropes are taken from the ring and an altar placed in the middle of the resined canvas. The seating capacity of the arena is 4,000.

St. Camillus' church annex, as the arena now is called, affords a picturesque scene on Sundays. Its walls, plastered with fight posters and sport pictures are in sharp contrast to the center of the ring, where Father Brady, in his ecclesiastical robes, offers the mass.

BOY PLEADS WITH CONGRESS

Jimmie Bradley can make the proud boast that he's the youngest person ever to appear before a congressional committee to argue Uncle Sam into spending money. Jimmie, armed with endorsements from President Harding and the American Forestry Association, made a plea to the House Committee of the District of Columbia on behalf of 60,000 Washington school children for an appropriation for the study of birds and trees. He is shown with Chairman Pocht (seated) and Representative Underhill.

GOLDEN WEDDING IS CELEBRATED BY THE NIELSONS OF WINONA

MANY IN THIS CITY WILL BE INTERESTED in the golden wedding celebration of Mr. and Mrs. H. A. Nielson of Winona, which took place Saturday at the home of Mr. and Mrs. Frank Hiltner, 419 Washington street, when an anniversary dinner was given at half-past six in honor of the occasion. Handsome decorations in gold and white featured the tables and the rooms in token of the event. Rev. H. J. Wein, pastor of the Central Lutheran church, to which Mr. and Mrs. Nielson belong, was present with his wife and gave a congratulatory address.

The marriage of Mr. and Mrs. Nielson took place July 23, 1871, at Green Valley, the bride's maiden name being Miss Martha Hiltner. The year following the marriage Mr. and Mrs. Nielson moved to Winona and located at 303 East Sanborn street, which has been their home for forty-eight years until about a year ago, when they moved to 413 Kansas street, where they now reside. Their union has been blessed by six children and six grandchildren, of whom there were present at the anniversary celebration on Saturday Mrs. Frank Hiltner, husband and two sons, Lloyd and Earl of Chicago, Martin Nielson and Holmer Nielson of Chicago, and Arthur Nielson of Minneapolis. Mrs. R. K. Hiltner of Winona was among the guests. Another son, Carl of Los Angeles, Calif., was an expected guest.

THE REGULAR monthly meeting of the La Crosse County Community Council will meet at half past two daylight saving time Saturday, August sixth, at the Chamber of Commerce.

MR. AND MRS. Robert Disher have returned from a motor trip to Stevens Point, Wisconsin Rapids and other points.

DAVID DICKINSON returned Sunday night to Chicago after a vacation visit at the home of his parents, Mr. and Mrs. C. W. Dickinson, 1327 State street.

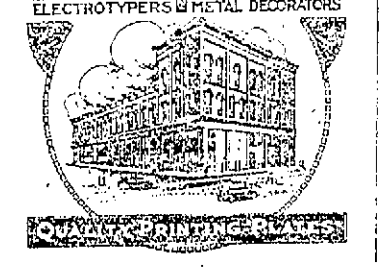

MR. AND MRS. Charles Hickisch and family, Mr. and Mrs. Lyle Clark, Mr. and Mrs. W. A. Cameron, Mr. and Mrs. Frank Nussbaumer and Mrs. Nussbaumer's mother, Mrs. Harold of Newark, N. J., motored to Stevens Point, near Sparta, on Sunday and were guests for the day of Mr. and Mrs. Charles Callaway and Dr. and Mrs. J. M. Lendekker's cottage.

DR. AND MRS. George R. Roy and the Misses Marie and Mary Ann Phillips motored to Hoken Sunday and were guests of Mr. and Mrs. Frank Lorenz.

MRS. FRANK G. OWEN, of Fayetteville, N. C., is the guest of her mother, Mrs. Mary Schick. Another daughter, Mrs. C. P. Angier, of Fargo, N. D., is expected soon.

Consisting of fine Imported French Gingham, Crisp Organdies, Dotted Swiss and Eponge. Sizes 16 to 40. Special—

\$6.75

Values to \$30.00

Every Summer Dress in the house included. Nothing reserved. Come in and pick your Dress.

Do not miss this sale as we can assure you that you cannot purchase the materials for the price that we are selling the dress.

STATE DRY CHIEF GETS WARRANT FOR OCONOMOWOC MAN

Asserts Fischer Co. Has Been Supplying Saloons in Southern Counties

MADISON, Wis.—A warrant for the arrest of Andrew Fischer, owner of the Fischer Beverage company of Oconomowoc, was ordered Monday by Commissioner Smith. He also ordered Fischer's brewery closed. Commissioner Smith explained that the establishment was thought to be the source of supply for many saloons in southern Wisconsin, which, he charged, have been violating prohibition law. The warrant charges manufacture, transportation and sale of intoxicating liquor in violation of the law.

HARDING DECLARES HIS CONFIDENCE IN DISARMAMENT PLAN

(Continued from page one) authority in Washington, and to reaffirm his faith in religion as an essential element of good government. The president said in part: "It is not too much to say that the three centuries which have passed since men of our race came here to found a new state have been the most momentous and the most pregnant in all the progress of human kind. "To this and the Virginia shore were transplanted the seeds of representative democracy, the new ideals of nationality through association and representation, and there has developed seemingly the most dependable form of popular government ever witnessed in the world.

Birthplace of Democracy

"Whether we reflect upon the restraints upon freedom which the fathers imposed, or measure the broader liberty under the law of today, here began the reign of dependable public opinion which unfailingly is the law of highest civilization.

"One may not say whether the Puritans at home would have been able to work out such a system if there had been no American colonies and the colonial influence in act upon the mother country. Doubtless the English revolution, which came soon after the settlement at Plymouth, would have come even had there been no settlement here, no Massachusetts Bay colony, no Virginia plantation. But it is easy to believe that in the long struggle after the restoration, the fruits of the revolution, the strengthened parliamentary institutions and the restrictions of royal prerogatives were helped by the influences of colonial democracy.

"No one will ever dispute the large part New England played in the rearing of new standards of freedom. The early struggles here were contemporaneous with the making of modern British constitutionalism and the new world began was an incentive and an inspiration across the sea and today old world and new join in rejoicing at the ends achieved. The beginning of the American revolution may fairly be traced to the larger part of a century from the state commonly fixed for the great town meeting in the Old South church, to which was submitted the question whether the colony would assent to the charter reorganization that the king demanded.

Tyrannies Destroyed Each Other

"If the idea of religious freedom had little to hope for from the effort of the stern old fathers to set up a theocracy in New England, the ideal of political freedom found here a particularly fertile soil in which to germinate.

"The clash between a theocracy tyrannical on this side and a political tyranny on the other resulted in the destruction of both the vast betterment of every human interest involved.

"The men and women who came here to found in a wilderness, across a thousand leagues of ocean waste, a new state, came with high and conscious purpose of achieving a great human end. Out of their voluminous letters, memoirs, public records and historical writings we constantly get the impression of their deep conviction that they had been called as divine instruments to accomplish a work of supreme significance.

At a Crisis of History

"The perspectives of history are not safely to be judged save from the loftiest peaks of human experience. It is the clearly bought privilege of our generation to stand on one of these heights of the long ages, to look back over the pathways by which we have come this far, to see clearly what have been the main traveled roads and what the by-paths. If we will but let our minds record that which our eyes tell us, we will note that the widespread landscape behind us is now vastly changed. It is not what it seemed.

Abe Martin

Now we know for sure what an optimist is. It's a fellow that leaves his Ford unlocked. We don't believe any buddy really cares how the girls dress just so their stockings don't wrinkle at the ankles.

when we were passing through it. We see that some of the hoots which we supposed were the futile ways of wasted effort. Others, which in the journey's heat and toll we counted only as its marshes of anguish, we recognize as the short cuts that carried us quickly to loftier levels and surer positions. "We stand today before the unknown but we look to the future with confidence unshaken. There is no retreating; we must forever go on. We welcome the theories wrought out in new hope, but we cling to the assurance founded on experience. All that is not bad; all that is to be will not be ideal. We cannot lift the veil to the future but we can analyze, and understand what has gone before. It is good to keep our feet firmly on the earth though we gaze in high hope for human brotherhood and high attainments.

Opposes Centralization

"Just as these fathers drew together toward ample authority to make the nation and still preserve the freedom of those who compose it, so must we guard against the supreme centralization of power at home and the super-state for the world. More, we must combat the menace in the growing assumption that the state must support the people, for just government is merely the guaranty to the people of the right and opportunity of that people to support themselves. The one outstanding danger of today is the tendency to turn to Washington for the things which are the tasks or the duties of the forty-eight commonwealths which constitute the nation. Having wrought the nation as the central power of preservation and defense, let us preserve it so.

"Efficiency was the early dedication to religious liberty and political freedom. It was a sublime gift to posterity. We cannot better express our reverence today than by sweeping aside the errors, the failures, the disappointments, the betrayals of our day and plant here for all America and all the world the standards of highest justice and real human brotherhood. This would add to the volume of rejoicing on earth and give echo to the heavens of the nobler inspiration of united mankind. It would dim no torch of liberty which was lighted here, but would set the world aglow with new hopes, new confidence and new exaltation."

No Controversy

"Did you overheard the controversy between these two gentlemen?" asked the magistrate. "No, sir, judge," replied the colored witness. "Ah, didn't hear nothing like that. All Ah heard was some powerful loud cussin'."

When Do Plants Sleep

All plants have periods of activity and rest. Some are active in the daytime and sleep at night; others repose during the daylight hours and are awake at night.

Catty

"My husband has had indigestion for the past month." "Really? I'm so sorry! I had no idea you were without a cook,"—Sydney Bullerlin.

The white Sox scandal put the players out but they should be put where they can't get out.

THE CATCHER "STRIKES HIM OUT"

Here's "Bud" Warwick, catcher of the United States Rhine Army team, putting the ball on a player of the United States European fleet nine at London, July 3. The game was played for the benefit of the London Post record that which our eyes tell us, we will note that the widespread landscape behind us is now vastly changed. It is not what it seemed.

CHICAGO REPORTS INCREASE IN MEN HAVING EMPLOYMENT

More Men at Work But Payrolls are Smaller in Seventh District

CHICAGO, Ill.—Labor questionnaires sent to 203 concerns in the seventh federal reserve district were analyzed in a statement made public by the Chicago Federal Reserve bank Monday. Sixty-six of the establishments were in Chicago, the balance being scattered throughout the district. For the entire district the number of men employed had decreased eight-tenths of one per cent in June as compared with the preceding month but in Chicago there was an increase of 2.7 per cent in the number employed. The amount of the payroll decreased 3.8 per cent in the district but increased two-tenths of one per cent in Chicago. As compared with a year ago the payroll showed decreases of 45.4 per cent in the district and of 31.5 in Chicago.

In the steel and iron industries primary production and agricultural machinery showed decreases in men employed and in payrolls, but railway equipment showed an increase in the number of men employed of 8.7 per cent with a decrease of 4.3 in the payroll. The largest increase in number of men, 2.1 per cent, was credited to contracting and building. The heaviest increase in payrolls, 17.2 per cent, was credited to lumber and mill work. The greatest shrinkage in numbers was charged to railway repair shops and the largest decrease in payrolls to automobiles and accessories.

WILEY NAMED PRINCIPAL OF HIGH SCHOOL

(Continued from page one)

ber of the high school faculty for more than ten years, was elected vice principal, Miss Mashek is a graduate of the University of Wisconsin, from which institution she also has a master's degree. For a number of years she was a member of the faculty of the South Division Milwaukee High school, leaving that school to come to La Crosse to assume the duties of head of the English department. Under her direction, the work in English has been organized in such a way as to attract the attention of educators throughout the state among whom she is recognized as a leader. In addition to her academic work, she has been one of the strong and active leaders in the local faculty in matters pertaining to all phases of student management and welfare.

Among the activities in which she has been particularly interested, and which under her direction has been especially successful, is the student employment bureau which she directed and through which many needy and worthy students were able to secure small incomes from work outside of school hours. Through her work many boys and girls have been able to continue their studies in the high school. Miss Mashek has the respect and esteem of her associates and of the student body and she will be an able assistant to Mr. Wiley. She will retain her position as head of the English department.

Smoking in Spain

The tobacco pipe is never seen in Spain in use among the natives; nor are tobacco pipes to be purchased in any of the shops. Cigars and cigarettes manufactured in the government factories in Spain, or imported from Cuba or the Philippines, can alone be procured, and are universally smoked by the people.

Further Development of Niagara Falls

Under the new regulation of the federal power commission further developments at Niagara Falls without impairing the beauty of the falls are now possible. J. A. Johnson, electrical engineer of the Niagara Falls Power company, stated, through a division of the Flow of Niagara River on the Canadian and American sides.

Animal Traits

Certain human expressions such as the biting of the teeth in rage and the bristling of the hair under the influence of extreme fear, have been put forward by scientists as proofs of man's descent from animals.

THROWING BASEBALL GAME NOT A CRIME URGES SOX LAWYER

Baseball Trial Comes to Stage of Arguments; Claim Case Part of Old Feud

CHICAGO, Ill.—Opening its final argument in the baseball trial, the defense Monday pictured the baseball scandal investigation and trial as a theatrical burlesque in which Ban Johnson, president of the American league was the villain and Charles A. Comiskey, owner of the Chicago club, the goat. The entire case was merely another outbreak of the Comiskey-Johnson feud, said Henry Berger, first of the defense attorneys to talk during the day. He defied the jury to find anything in Illinois laws making the throwing of a baseball game a crime. "There is no proof that the ball players intended through throwing games in the 1919 world series to injure their club or their league," said Berger. "To have intended to do so would have meant that they were trying to destroy themselves, and that is absurd. The whole affair is a theatrical play—a farce, a burlesque—with its villains and its heroes.

MRS. PATIENCE HYDE, OLD BLIND WOMAN, IS INJURED IN A FALL

Mrs. Patience Hyde, the aged blind woman, who sat every evening with her husband, also blind, on the porch of their little home, 1025 Caledonia street, now is in the La Crosse hospital. She is suffering from an injury to her hip, sustained when she tripped on a rug several days ago. She is 82 years old. Her husband is about 85. He no longer sits on the porch but spends most of the time at his wife's bedside. Bartholomew Hyde has been blind since he was seven years old. For years he gave piano lessons, being a fine musician and was a familiar figure at dances 25 years ago, playing a small organ at dances in the city.

SHERIFF RETURNS WITH AUTO THIEVES ARRESTED THURSDAY

Deputy Sheriff Henry Hermanson, accompanied by Carl Wolf, owner of the Ford sedan stolen at Green Bay July 29 and recovered here through the arrest of Felix and John Sarnick, left Sunday noon for Green Bay with the two prisoners.

MILWAUKEE RESORT TRAIN IS WRECKED

MILWAUKEE, Wis.—Seven hundred persons, among whom were many prominent Milwaukeeans, narrowly escaped injury Monday when a Chicago, Milwaukee & St. Paul railroad train, No. 34, bound for Milwaukee from the summer resort district centering at Oconomowoc, was derailed between Elm Grove and Homewood. A cow on the tracks is said to have caused the derailment. The engine, tender and three coaches are reported to have left the tracks and bounded on to the west-bound tracks. Train No. 33, bound for Madison, was enmeshed in the opposite direction and is said to have been derailed within 100 feet of the derailed train.

BURGERS OVERLOOK \$76,000

MADISON, Wis.—Eight offices in the Bank of Wisconsin building here were ransacked by burglars Saturday or Sunday night. It was learned today, less than \$100 in cash and stamps is missing. The intruders overhauled \$76,000 in securities. It is not known how entrance to the building was obtained. All doors and windows were secure on the outside of the building. Greatest loss was suffered by the Wisconsin Manufacturers' association, who had \$60 in stamps taken.

RECALL RAIL SHOP CREW

KAUKAPA, Wis.—Forty men have been recalled to work in the Chicago & Northwestern railway shops here, comprising thirteen per cent of the number laid off last spring. It is believed that the entire crew will be recalled soon.

BABY DROWNS IN JAR

RHINELANDER, Wis.—Pelling into a five gallon jar of water the baby son of Mr. and Mrs. Ernest Hantz of Rhinelander was drowned. The accident occurred during the absence of the parents.

KOHLER VOTES TO GROW

SIDNEY, Wis.—The village of Kohler, one of the most famous industrial villages in the country, voted 60 to 1, to increase its limits from 760 to 2,000 acres at a special election held here Monday.

A Puzzle to Him

"What can I do for you, my boy?" asked the shoekeeper. "Please," replied the boy, "I've called about your advertisement for a man to retail canaries." "Yes, and do you think you could do the work?" "Oh, no, sir; I only want to know how the canaries lost their tails."

Where Everything's Quiet

Husband—"The doctor has ordered me to observe the greatest possible quiet." "Hypnotism—"In that case, dear, don't you think it would be an ideal time to get back into business?"—Evelyn L. Illustration.

As It Works Out

FIRST DIPHTHERIA CULTURE IN SIX MONTHS EXAMINED

Health Officer Declares that Similar Lapse Has Not Occurred for 30 Years

The first positive culture of diphtheria since January 13 of this year was examined in the city laboratory last week, according to announcement of A. M. Murphy, city health officer. Mr. Murphy declared that it was the first case to be reported to the local department in over six months and that a similar lapse of the disease has not been noted in the city for over thirty years.

Protect Milk

"Dairymen" are particularly cautioned to protect the milk from flies for the next two months until the weather becomes cool again. The dairies visited the past week show that millions of flies are on milk utensils and everything used in the production of milk. It would be a good plan to start the home pasteurization, heat the milk to 155 degrees, hold it at that for 15 minutes then cool rapidly as possible. If this could be done for two months much good would result.

HATFIELD KILLED IN GUN BATTLE IN COURTHOUSE YARD

Leading Figure in West Virginia Coal Strike War Slain; Private Sleuth Held

WELCH, W. Va.—Sid Hatfield, former chief of police of Matewan, and Ed Chambers, a policeman of that place, were killed in a gun fight in the courthouse yard here shortly before noon Monday. C. E. Lively, a private detective, and four other persons were arrested in connection with the shooting. Hatfield was arrested last week in connection with the shooting-up of the town of Matewan, W. Va., about a year ago, and brought to Welch where he was placed in jail. Chambers also was to appear in court in the same case. Hatfield was released on bail and was with Chambers Monday morning when he became involved in a quarrel with Lively and some of his friends. In the shooting which followed Hatfield and Chambers were killed.

GOVERNOR SMALL TO BE ARRESTED LATE THIS WEEK

Expect Service of Embezzlement Warrant When He Returns to Illinois Capital

CHICAGO, Ill.—State's Attorney Mortimer, who conducted the Sangamon county investigation of Governor Small's transactions while state treasurer which resulted in his indictment for embezzlement of state funds, announced here Monday that the legal machinery of the capitol is ready for the return of the governor and that an arrest at any other place will not be considered. Word from Governor Small's home at Kankakee is to the effect that he will probably go to Springfield Wednesday or Thursday. His arrest is anticipated on his arrival at the capitol.

Obituary

MRS. LEVI DICKINSON

The recent death of Mrs. Levi Dickinson of Elyria, Ohio, step-mother of Mr. C. W. Dickinson, 1527 State street, is announced. Mrs. Dickinson, who was 92 years of age, died of the infirmities of old age, hastened by the excessive heat of the season. She had wonderful vitality for her advanced age.

MRS. PAULINE HILDEBRANT

Mrs. Pauline Hildebrant died Sunday morning at 4:30 at the home of her daughter, Mrs. J. Gilbertson at Onalaska after a long illness with Bright's disease. She was confined to her bed for the past week. Mrs. Hildebrant was born in Germany February 24, 1850. She is survived by six daughters and four sons, 18 grandchildren and four great-grandchildren. The children are Mrs. J. Gilbertson of Onalaska, Mrs. J. B. French and Mrs. Guy Stickney of Islay, Mont., Mrs. Charles Johnson of La Crosse, Mrs. W. J. Smith of Elroy, Mrs. D. O. Weida of St. Paul, Minn., Mr. Arnold Mueske of Sparta, Mr. Theodore Lindike of Sparta, Frank Lindike and J. Lindike of La Crosse. Funeral services will be announced later, following the arrival of the children.

CARD OF THANKS

We wish to thank all the friends and neighbors for the kindness shown us during our bereavement, the death of our son, and brother. Mr. and Mrs. Tom Reoner, Mr. and Mrs. John Reoner, Mr. and Mrs. Weber, Mr. and Mrs. Albert Arndt.

BLACK RIVER FALLS TAKES FIRST GAME FROM NELSONS, 7 TO 3

WINNING STREAK OF NELSON CLUB ENDS HERE SUNDAY

Nelsons Defeated in First Game of Series Here Sunday Afternoon

SIXTH INNING FLUKE PLAY LOSES FOR LOCALS

Schaffer Features in Swatting for Nelson Club

Having enjoyed a continued winning streak for the past two weeks, the Nelson Clothing Co. club suffered a setback at the hands of the Black River Falls aggregation at Copeland park Sunday afternoon by a score of 7 to 3.

The locals were never able to get around the lead set by the visitors in the second inning and only once did they keep pace in the scoring when the score sheet balanced 3 to 2 at the end of the fifth inning. It was a general off day for the local club.

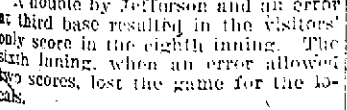

Smith, pitching for the visitors, held the locals to nine hits most of which came at inopportune times. He worked effectively with men on bases, commanding the runners to stay close to the sacks. He batted in cleanup position on the list and connected for three hits.

His and his splitter failed to work to advantage on the Black River batsmen who connected safely fifteen times off his delivery. Schaffer fouled in the first inning.

Black River started the scoring in the second inning. Smith struck out and Goss singled. White shot a hot grounder to third and Goss was out at second. White stole second and brought in the initial rally on Montgomery's triple. Curry batted through Hix and Montgomery scored. Carey received a walk and was out. Tanke to Kabat, trying to steal second.

The Nelsons made up half of the deficiency in the succeeding frame. Johnson tied out to second and Bernack received a walk and stole.

Black River Falls scoring one in the fourth frame, the locals succeeded in their half of the same inning to even up the sheet. Jones, reaching third on a single, steal and an error, scored on Smith's safe rap. Johnson led off for the locals with a single. Smith, pitcher, muffed Bernack's bunt and he reached first. Well tied out to Smith. Tanke struck out but Schaffer's double brought Johnson and Bernack to the plate. Perez reached first on an error of the second baseman and Kaurand ended the inning with a fly to Jones at second.

A double by Jefferson and an error at third base resulted in the visitors' only score in the eighth inning. The sixth inning, when an error allowed two scores, lost the game for the locals.

Business Before Boosting A successful business man is one who can attend to these get-together, Sunday luncheons without letting his work go to pot.—Dallas News.

FREEDMAN AND WELLING PUT UP FORFEITS FOR WEIGHT; EACH PREDICTS WIN BY KAYO

CHICAGO, Ill.—Jim (Tex) Mullin, promoter of the Aurora boxing bouts on Friday night in his usual effort to give the fans a run for their money, assures them weight will be made by Joe Welling and Sailor Freedman, who will furnish the windup at the Sager arena. There is a forfeit of \$500 for weight and appearance posed by the managers of the boxers, and when these lads have regular money up they are very careful about poundage.

REDS SLAM GIANTS TWICE ON SUNDAY

New York Loses Two Overtime Battles to Cincinnati Sunday, 8 to 7, 4 to 3

CHICAGO BRUINS FALL BEFORE PHILLIES, 10-2

Cardinals Win Fifth Straight, Beat Robins, 4 to 2

CINCINNATI, O.—New York lost two extra inning games to Cincinnati Sunday, the first 8 to 7, and the second 4 to 3.

The first was an exciting battle which went twelve innings. Rixey pitched the entire game, though hit hard at times. Douglas was pounded severely in the fourth and fifth and gave way to Ryan.

The second game was a pitching duel between Donahue and Nellie, in which Cincinnati staged a sensational rally in the eleventh. Goss's smash in the left field wall ending the game.

CHICAGO, Ill.—Philadelphia concentrated their attack in three innings on Sunday and easily defeated Chicago, 10 to 2. Winters pitched almost unavailably ball until the eighth inning when he eased up and the locals bunched three hits, one of which was a double by a pinch hitter which sent in two runs. Golde Rapp, who had hit safely in 26 consecutive games, went hitless on Sunday. Maisei making a great catch and depriving him of a possible double. Up to the eighth inning not a local man passed second, and only one man had got on.

Philadelphia, 10, 000 000 000—10. Chicago, 2, 000 000 020—2. Batteries: Winters and Bruggs; Ponder, Freedman and O'Farrell, Daly.

GALESVILLE IN WIN OVER TAG-HARTS ON SUNDAY AFTERNOON

The Tag-Hart baseball club suffered defeat in the initial encounter with the Galesville aggregation on the latter's field Sunday afternoon by a score of 14 to 5.

The fifth was the fatal frame for the local club, when three of their five errors, coupled with free hitting enabled the home club to pile up a count of eight.

The Tag-Harts garnered seven hits off the delivery of Heggy, while Affeldt and Berny, of the locals were touched up for a total of nine. The score by innings: R H E Tag-Harts, 1, 00 011 002—5 7 5 Galesville, 5, 003 280 103—14 9 5 Batteries: Tag-Harts, Affeldt, Berny and Nelson; Galesville, Heggy and Roll.

SHOULTERS HURLS LA CROSSE TO WIN OVER GENOA SUNDAY

Down River Aggregation Defeated by La Crosse Baseball Club, 8 to 2

With the new twirler working for the club, the La Crosse baseball team Sunday afternoon defeated the Genoa aggregation on the down river diamond by a score of 8 to 2. Shoulters, working in first class shape in his initial appearance with the La Crosse team, allowing seven scattered hits and striking out ten batsmen.

Angell and Page, hurling for the Genoa aggregation, held the locals to a total of five hits. Angell allowed six men free trips to first base, three of which came in the fourth inning when the locals netted three scores with the assistance of a single and an error.

Angell, 2.

MONTAGUES BEAT TREMPALEAU 8 TO 0 ON SUNDAY

The Montagues baseball team defeated Trempealeau Sunday on their home grounds by the decisive score of 8 to 0.

Diamond, star twirler for the superior aggregation had two bad innings, the fourth and eighth.

In the fourth three consecutive hits netted the Montagues as many runs, while in the eighth four runs coupled with an error gave the La Crosse boys four more scores.

Viehr, Montagues' star twirler pitched stellar ball letting Trempealeau down with four hits.

Haley, Moore and Stellick featured at the bat for Montagues, each getting three bingles. Haley making a home run in the seventh inning.

The Montague team will journey to Winona where they play the Peerless Chain team Saturday. On Sunday they play Spring Grove at Spring Grove.

The score: R H E Montagues, 8, 000 200 140—8 13 1 Trempealeau, 0, 000 000 000—0 4 2 Batteries—Trempealeau, Diamond and Stellick; Montagues, Viehr and Stellick.

REGATTA WEEK AT COWES BRILLIANT EVENT THIS YEAR

Opening Event on Monday is the Royal London Yacht Club Race

COWES, Isle of Wight.—Regatta week began here Monday under auspices which promised that the five days of racing which will close on Friday will rival in brilliancy those of the years which preceded the great war. King George, Queen Mary, Princess Mary and other members of the royal family reached here yesterday and the harbor was crowded with pleasure craft which were here to witness the opening of the yachting festival.

Monday's opening event was the Royal London Yacht club race but rivaling this number on the week's program was the second, third and fourth rounds between British and American six meter boats which began their series at Ryde on July 29.

The Americans lost the first round, although the Grebe, one of the American fleet, crossed the finish line ahead of its competitors. One of the American yachts, however, was virtually dismasted and another did not start.

SAFETY IN "BLAH"

Pitcher Carl Mays of the Yankees has coined a new word to hurl at umpires.

When his umpire ruffles the submarine pitcher, he gets the "Blah," said sublimated at him.

Umpire Phil contends that this newly coined word for baseball players is easy with him as it doesn't mean anything.

That's a good tip to other quick-spoken ball players.

Just say "Blah." It gives you the satisfaction of showing just how you feel about a thing without having to take a vacation and a fine.

One college pitching machine does the work of 500 pitchers.

HEILMAN DOESN'T SLUMP

Harry Heilmann, slugging outfielder of the Detroit Tigers, is going at a terrific clip.

Week after week he has led American league batters.

The big fellow doesn't seem to know that there is such a thing as the word "slump" in baseball.

Averages compiled up to and including July 20 give Harry a mark of .329.

Some congressmen take for their slogan, "Blah," in the capital do as the capitalists do.

A small boy's idea of making things even is to eat onions before going to the dentist.

Complicated Traveling The automotive industry will weather any storm because it is too firmly imbedded in our life. How soon it will reach port depends upon its pilots.—Michigan Manufacturer and Financial Record.

Senators, 9; Tigers, 5. WASHINGTON, D. C.—Washington scored its sixth consecutive victory on Sunday, defeating Detroit 9 to 5. Zachary was withdrawn after a six hit rally in the fifth which netted the Tigers three runs. The score: Detroit, 5, 001 030 001—5 Washington, 9, 000 024 023—9 Batteries: Damm and Bassler; Courtney, Zachary, Schandt and Gharity.

YANKEES WALLOP CLEVELAND, 12-2

Mays Holds Speaker's Indians to Safeties in Sunday's Battle

NEW YORK.—The New York Americans avenged Saturday's overwhelming defeat by Cleveland by taking the second game of the series on Sunday, 12 to 2.

The Yankees broke up the game by scoring six runs in the sixth inning. Mays came up with the bases full, and knocked Sathoron out of the box with a two bagger, driving in three runs. Later in the inning Ruth hit his thirty-eighth home run of the season with Mays and Beckinbaugh on base.

Mays pitched brilliantly for New York and held Cleveland to two hits, one a home run by Johnston, his second here in two games. Both hits came in the fourth inning.

The start of the game was held up 30 minutes by a thunder storm, while a shower stopped play for a half hour in the fourth inning. Score: Cleveland, 2, 010 010 000—2 New York, 12, 110 100 033—12 Batteries: Sathoron, Caldwell and Sathoron; Nyanmaker, Mays and Schang.

Who Owns the Standard Oil Company (Indiana)?

THE Standard Oil Company (Indiana) is a corporation owned by the people at large, doing for the people, to the best of its ability, a big job in a highly specialized branch of essential industry.

Three years ago the ownership was spread over 4623 stockholders.

Today the ownership is spread over 19,478 stockholders, of whom 7,200 are employees.

Not one of the 19,478 owns as much as 10 percent of the total stock.

The stockholders have vested the authority of management in a Board of Directors of seven men. All are skilled in their individual branch of activity and all have earned their right to a seat on the Board by displaying unusual ability.

It is the ambition of this Board to operate the Company in such a fair and square way that you, as stockholder or customer, shall have a distinct pride in the fact that there is such an institution as the Standard Oil Company (Indiana.)

Standard Oil Company (Indiana) 910 So. Michigan Ave., Chicago, Illinois

BIG MEETINGS TO PLAN ORGANIZATION OF DAIRY INTERESTS

Sparta to Have One of Equity Rallies to be Held on August 9

PLAN TO CONTROL AND MARKET OWN PRODUCTS

Expect Higher Prices at no Cost to Consumer

MILWAUKEE, Wis.—Three simultaneous meetings in the state on August 9 will seek means of organizing the dairy farmers of Wisconsin into a big centralized selling body to control and dispose of its products.

The three meetings, which are the first of a series of such gatherings planned in the state by the Farm Equity society, will be held at Sparta, Marathon City and Manitowish. Other meetings will follow in quick succession.

Stabilized prices are seen as the result of the new organization's control of the state's output of butter, cheese, eggs, and milk and it is forecast the farmers will receive higher prices without further assessment of the ultimate consumer.

HOLD IMMIGRANTS AT SEA TO GET AROUND DEPORTATION RULING

NEW YORK.—Two trans-Atlantic liners which spent the week-end off Sandy Hook in order to avoid deportation of immigrants on board in excess of national quotas fixed for July, under the new immigration law, entered port Monday. They were the Messagerie from Greece with 969 immigrants on board and Calabria from Italy with 400 immigrants.

Civilized
"Just to think," beamed the missionary, "only twenty years ago I came here and brought enlightenment and civilization to your land. And now I return to find that you are entirely civilized."

"Civilized is right," replied the chief of Beogobooland. "We are so civilized that we had to double the size of the police force and build a new jail. And some of our divorce cases are almost unfit to print." Cincinnati Enquirer.

Tree Full of Dollars
One of the prize producers is an alligator-pear tree at Whittier, California. It was five years old when it bore 104 very large pears, the market price of which was one dollar per pear.

WEDNESDAY TO FRIDAY

"The County Fair"

DID CARP BREAK HAND? LOOK!

Several gentlemen from Missouri have demanded evidence to prove Carpenter broke his right hand when he socked Dempsey in the jaw in the second round of their fight. Well, here it is! The fracture is shown (X) at the base of the thumb.

In The MOVIES

AT THE THEATERS TODAY
Rivoli—Hope Hampton in "The Bait," Christie comedy, "Movie Mad," and the Boyer-Brothers orchestra.
Riviera—Jubilee Girls in "Cohen's Twins," Wesley Barry (Freckles) and Eddy, Edith Chapman and large supporting cast in "The County Fair" comedy, "The Country Fair," Riviera orchestra.
Casino—Tex in "The Wall Street Mystery," comedy, "Torchy's Double Triumph."
Strand—All-star cast in "The Midnight Riders," Fox News.

"THE BAIT"—RIVOLI
Maurice Tourneur's latest Paramount production, "The Bait," will be the feature attraction at the Rivoli Theater today, Tuesday, and Wednesday. Hope Hampton, the well known Texas screen beauty, plays the leading role.

"The Bait" is described as a pleasing combination of romance, thrills, and mystery, with the usual colorful Tourneur production methods in evidence. The story centers around a pretty shop girl, who, singled out by a master-crook as his pawn in a game to capture and later blackmail a young millionaire, is "framed" by the crook and then rescued by him while on her way to jail. Out of gratitude, she becomes an innocent prey to his schemes and learns the truth only when it seems to be too late. But, after a thrilling experience, matters turn out happily.

Besides Miss Hampton, the cast of "The Bait" includes Harry Woodward, Jack McDonald, Joe Singleton and James Gordon. John Gilbert wrote the scenario.

TEX PICTURE—CASINO

Tex, elucidator of mysteries, will hold forth on the screen of the Casino in his latest film, "The Wall Street Mystery," today and Tuesday. In this picture Tex by scientific detective work tracks down robbers who made a huge haul in Wall Street. There are thrills galore in the picture that carries the spectator through one of the most unusual hunts for criminals ever screened. The comedy, "Torchy's Double Triumph" also is on the same program.

"MIDNIGHT RIDERS"—STRAND

Like everything else, the pace set for the producer of moving pictures is constantly becoming faster and now where is this more easily recognized than in the big spectacular productions of Western dramas now appearing on the screen. One or two hair-raising escapes or dare-devil leaps for life were once sufficient to supply the thrills of a story of the Western plains, but now a dozen or more are necessary in every picture. Much of the success of "The Midnight Riders," the elaborate feature of life among the sheepmen of Wyoming, at the Strand today and Tuesday, is due to the large number of daring feats performed by the actors during the rapid action of the drama. No less than twenty one acts of daring are called for by this unusual story and the climaxes are said to be so well worked up by them that the audience is held spell-bound.

The finest playhouse in Western Wisconsin—ALWAYS COOL.
Shows on Standard Time.
Prices: 11c and 22c.

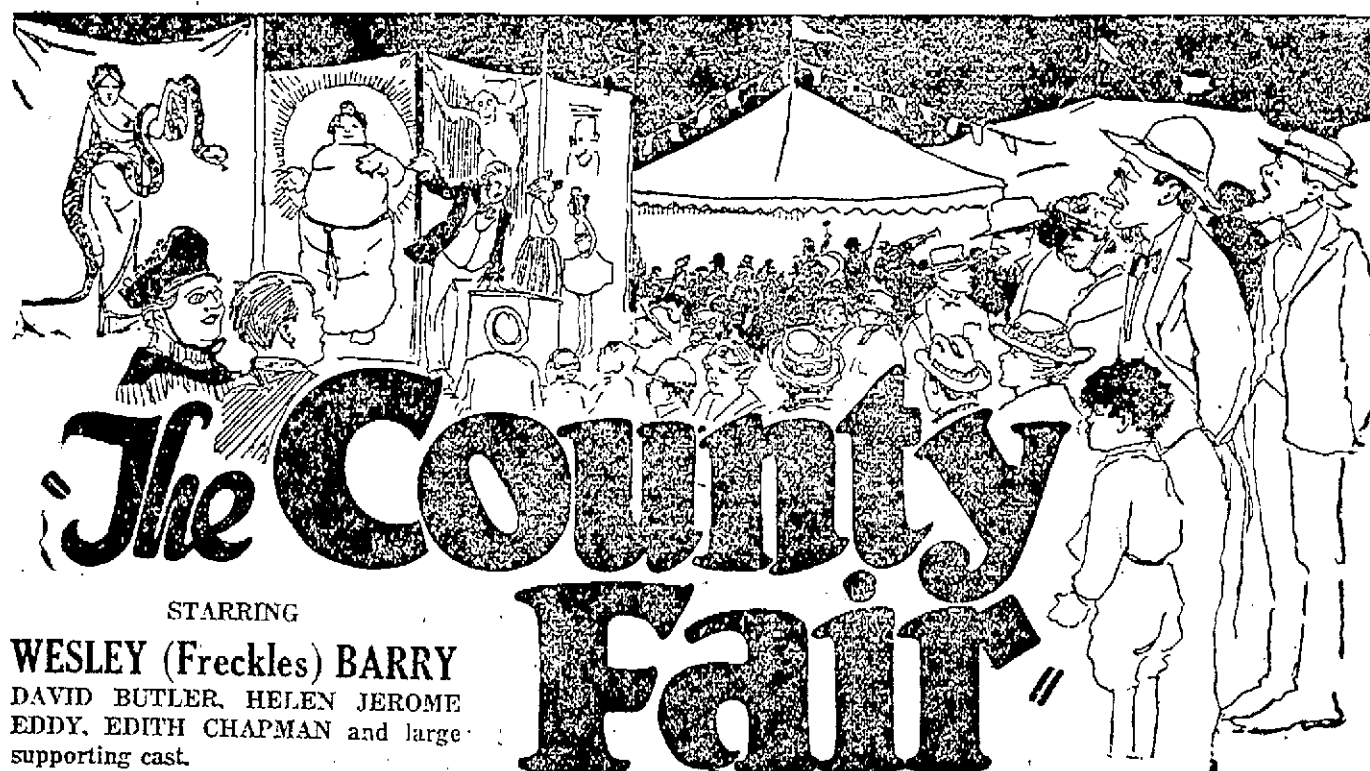

Mr. and Mrs. Tubby Keeler are invited to attend the Riviera Tuesday as guests of the management.

'THE COUNTY FAIR' OPENS AT COOPER THEATERS MONDAY

Tourneur Production of Famous Stage Play Stars Wesley Barry and Big Cast

Manager A. J. Cooper of the Cooper Theaters announces as a special attraction this week, Maurice Tourneur's picture production of "The County Fair." The picture is at the Riviera today and Tuesday, Casino Wednesday to Friday and Strand on Saturday.

The screen version is based upon the famous American rural drama of the same name in which Neil Burgess as Aunt Abigail starred for a number of years and made it one of the best known pieces of theatrical property in the history of the American stage.

Wesley (Freckles) Barry and a big supporting cast of well-known players interpret the screen version of the play.

Where the play was necessarily limited in its scope no such cramping influences have held the picture, and Tourneur has been able to give it with a realism and effect which only the screen can uphold. It is the most talked about picture production of the season and has been breaking records in New York, Boston and Chicago, where it was given upon a scale in keeping with its bucolic theme and the simple sweetness of its environment.

The story concerns the fortunes of Aunt Abigail and her wards, who are threatened with eviction from their cozy farm home in a typical New England community. Just as this catastrophe seems about to fall, the hired man, and his assistant the ex-cockey "Pin," get Cold Molasses ready for the big race at the County Fair, and the outcome here saves the fortunes of all by leaving the favorite of the village skin flint and money lender who has schemed to ruin this worthy group. The more excitement of the story cannot but suggest the humorous types which people this surrounding nor can it even more than suggest the adventures, the excitement and the things which enter into the unraveling of this simple plot.

The Guillotine

The guillotine was named after Dr. Joseph Guillotin, on whose suggestion it was introduced into France during the revolution in 1792. The instrument consists of two upright posts, with a crossbeam at the top, the post being so grooved as to allow the falling of a heavy steel knife, with a slanting edge, upon the neck of the victim, as soon as the cord holding it in place is released by the executioner.

Planes Form Clouds

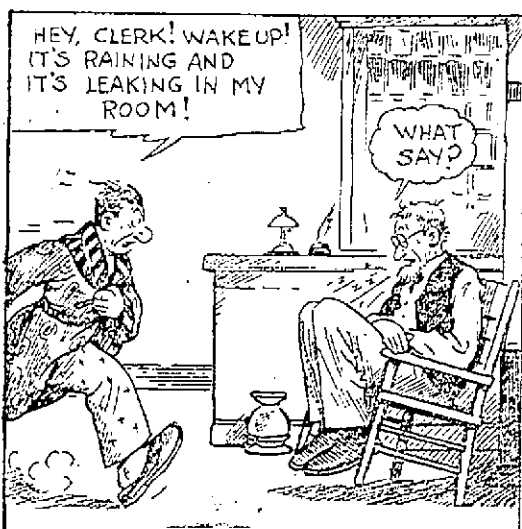

Aviators in Europe have found that their planes sometimes cause clouds to form when they are flying at high altitudes.

STATES PLAN LAKE TERMINAL FOR NEW OCEAN WATERWAY

Illinois and Indiana to Establish Harbor of Illiana on Lake Michigan

CHICAGO.—Plans for a great western terminus of the proposed Great Lakes-St. Lawrence waterway to the sea if built, will be worked out by a joint commission named by Illinois and Indiana. Legislatures of both states have recently appropriated \$25,000 each for the purpose.

Estimate of cost and recommendations are also included in the commission's work, which is to be finished for presentation to the 1923 legislatures.

The project, which is called the "Illiana Harbor," calls for a transfer har-

bor on Lake Michigan to the east of a terminus also for the Illinois waterway connecting the Great Lakes with South Chicago. It would be partly in Illinois and partly in Indiana. Besides the gulf, interchange of freight between barge and rail, barge and ship, and ship and rail is contemplated.

"Yes, the doctor is treating me." "To what?"—Louisville Courier-Journal.

RIVOLI

PLAYING TODAY TILL WEDNESDAY

A MAURICE TOURNEUR PRODUCTION
"THE BAIT"
with HOPE HAMPTON
By SIDNEY TOLER

The tale of a crook who fished for money with the charms of a beautiful girl.

He found her "framed up" for a crime she did not commit—saved her—showed her with luxuries—forced her to trap the very man she loved.

THEN—the rest is a melodramatic bombshell of romance and mystery. With a great supporting cast and superb scenic artistry.

REGINALD KERR TELLS OF TRIP UP TO ALASKA

La Crosse Boy Writes Interestingly of His Voyage on an Eagle Boat

Mr. and Mrs. James R. Kerr are in receipt of an interesting letter from their son, Reginald, detailing experiences of a trip to Alaska on an eagle ship. The letter follows:

Portland, Ore., July 22.
"Dear Mother and Dad:
"Well, I suppose I owe you a letter or a few lines at least, on my trip to Alaska. There is so much to do on it that I can't think of it all at once. Well, I got aboard about 11 a. m. on the 5th, jumped into undress blues and carried provisions (bought stores in the navy's store). Shoved off from Portland at 1 p. m. Went down the Willamette to a town named Lincon and took on thirty-four thousand gallons of oil. This craft is an oil burner, full capacity fifty thousand gallons. Took 22,000 gallons on at Ketchikan and another 15,000 at Port Townsend, Wash., on the way home.

All Patrol Boats
"You know these eagle ships that Henry made are a little smaller than a sub-chaser and are better known maybe as a patrol boat. They sure do make a good training ship; there is always some work to do on the darn things. Of course a good skipper was in charge. His name was Ingraham. He was quite sociable with the men. He told me he was going to give every man a chance at the wheel and said he would have lots of patience with us if we tried to do right. There was a good gang of fellows aboard. They, like myself, were there for the fun of it so we all took orders with a smile. We had such work as sweeping down, swabbing the deck, rubbing the ship, polishing brass and other such jobs. I was put at the head of this department.

"You know as we traveled all the time it was necessary to have watches, such as 'deck watch' whose duty is to see that deck lights and running lights are kept bright, and that silence is maintained on the decks, and 'wheel watch' or helmsman who keeps the boat on its proper course directed by the captain or the lieutenant on watch. The skipper complimented me on my helmsmanship. He walked back and forth in a nervous state of mind as if the ship would go on the rocks any minute. Just as he passed me he stopped and looked at the compass—the darn thing happened to be right square on her course and he said 'Fine!' And he got about two steps away and she went off her course about five points. Ha, ha!

"Then there is a lookout watch. He stands out in front of the chart house or bridge and sights vessels, and is supposed to sing out any larger whatsoever. I had one of these lookout watches and believe me a fellow couldn't doze off or such. It was from 12 to 1 a. m. I had two sweaters, my pea coat and my 'doffie' on, besides all my regular clothes and then I was cold. Then I was on general detail for three days—tables to set, chow to get and dishes to wash. Didn't have any watches to stand when doing this, so it was really a snap compared to the other. But I always found it to my advantage to keep out of sight when I was finished for some officer always had something for me to do.

Make First Stop
"Our first stop was Ketchikan, then Wrangell, then Sitka. Ketchikan is the best of the three. Not at all swell, though, board sidewalks and even roads. It is mostly noted for fishing. Prices are way up to the moon there. Milk is thirty-five cents a quart. They do say that Ketchikan has the honor of having only two cows.

Sitka is Fur Center
"Sitka is more of a fur center. I would have saved a lot of furs for you Ma if I had only had the money. They cost about half what they would in the States. Wrangell is a small place. I can't figure out what they do for an existence. I saw more reindeer poles there than anywhere. Do you know what they are? I picked up a sea shell out of a front yard just for a souvenir.

"Well, we left Wrangell for Sitka. Here is where the swell deer hunting is. Some of the officers took rifles and went but they didn't have any luck. I talked to several Indians who have lived here all their lives. Folks, the scenery here is simply beautiful. These high mountains, I never knew what a real mountain was till I saw these. You should have seen the sun set over one of them. It reminded me of a moving picture only this was the real thing.

Have Trading Bee
"You should have seen the squares on the dock selling necessities, etc. Most everybody on board was totally broke so they started trading their clothes, necessities, jumpers, underwear, etc. I got that old Ted Cross sweater of mine and was just making a trade when the captain passed the word there would be no more trading of clothing, so I was out of luck for the time being. I guess it was a good thing for if Mr. Ingraham hadn't done that most of the crew would have returned to Portland naked. But say, after dark I was out there with my sweater and socks and made a pretty fair exchange. Of course it was against orders, but you have to get away with a few things in the navy. So Jimmy that's your birthday present and I hope you like them seeing they came from Sitka.

"This square wasn't strong for the sweater for it was really all dirty and

PERSHING DONE IN OIL

Here is Philip A. de Laszlo, English artist, and his portrait of General Pershing. It is acclaimed as the best portrait ever made of the general. It will be presented to the city of Philadelphia by the McFadden family of that city. De Laszlo has started sittings of President Harding.

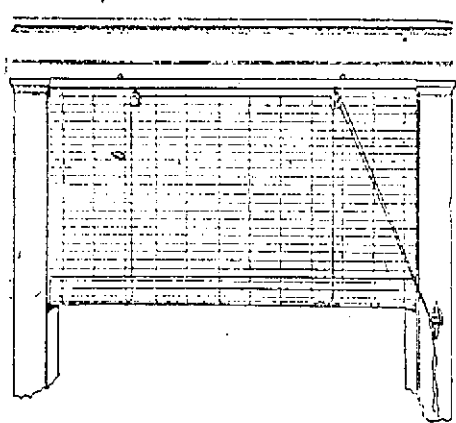

painty and had a couple of bad holes in it, but I gave her a line about it all being good stuff and she nodded and I walked off with the canvases. On the way back we ran onto a school of whales but I missed that. I was below washing dishes and when I reached the deck there was none in sight. The ship made a sharp turn out of the way. I almost lost some of my dishes, too. As a whole I had a darn good time, but was very glad to get home again after two weeks on the old Pacific.

DAILY PLANE SERVICE
MILWAUKEE TO CHICAGO
CHICAGO, Ill.—Daily airplane passenger service between Chicago, Milwaukee, Detroit and other cities on Lake Michigan will be started in a few weeks, it was announced Monday. The Triangle Airways, Inc., is preparing to launch the venture. Fly-

WINONA SHRINERS WILL COME IN A BIG AUTO CARAVAN

Make Elaborate Plans for Mid-Summer Ceremonial to be Held in La Crosse

At least 100 Winona Shriners, many of whom will take their families, will come to La Crosse on Saturday, August 13, for the big Shrine ceremonial and attendant festivities. It was indicated at a meeting of the Winona Shrine club.

The Winona delegation will come in an automobile caravan leaving in the morning and will do its best to show the La Crosse Shrine club the interest felt there in the nobles of this city and their undertaking. Transportation will be provided for those who do not own cars.

Arrangements for decorating the cars in the caravan were made at a special meeting. Nobles were requested to register with Charles Kratz.

PARIS POLICE SEEK TRACE OF FAMILY IN MILWAUKEE

MILWAUKEE, Wis.—Milwaukee police have been asked by the Paris police department to search for the family of a man held in the French capital who gave the authorities there the name of "Joseph Phillips," and who asserted that he had a family in this city. Phillips is held at the French capital with another American, Sam Field, Brooklyn, on the charge of robbing a cafe.

Discovers New Alloy
Elinvar is a new alloy discovered by Guillaume, the inventor of "Invar," and is said to be an improvement over that alloy, as it is more uniformly elastic.

Fewer Women Criminals
Police records indicate that there are fewer women criminals than there were five years ago.

Deliver Milk By Pipes
It is proposed in Germany to deliver milk to the large cities by pipe line. The project is quite feasible according to the opinions of engineers and would save a great deal of time and money now spent in transportation.

baking

When the recipe says "milk" use Carnation. It is the most economical milk for cooking and is remarkably convenient. One half water, one half Carnation is the correct formula for cooking and drinking. For desserts and in coffee, use rich, creamy Carnation undiluted. Buy this good milk regularly from your grocer.

Only the roses rival the freshness of her skin

A pretty girl should look her best in the morning—awakening with flower-like freshness of complexion, welcoming the revelations of searching sunshine.

Such charm is not necessarily a gift of Nature, but the result of knowing what your skin needs—of giving it the intelligent daily care which makes it bloom with health.

Dull, sallow, lifeless skins are the sign of neglect which rouge and powder can't conceal. Active skins, free from clogging accumulations, with every tiny cell and capillary doing its work, need cosmetics only as an embellishment.

How to have a beautiful skin

This secret is a thorough cleansing every day which removes all dirt, surplus cold cream and remains of rouge and powder, and this can only be done with soap. This soap must be mild and balmy and soothing in its action. Palmolive is such a soap.

Palmolive is the scientific blend of palm and olive oils, the cosmetic cleansers of Cleopatra. They produce a mild, creamy lather, soothing as a lotion, which leaves your skin delightfully smooth and soft.

Not an extravagance

The price of Palmolive is as surprising as its quality. Volume and efficiency permit us to offer it for 10c a cake.

You can afford to provide it for general family use, on the wash stand and for bathing. Men all like Palmolive and children should use it to preserve the texture of their skins. It insures fine complexions in later life.

Use it in hard water

Palmolive lathers freely and profusely in the hardest water when other soaps curdle. Its softening effects counteract the water's hardness.
